

THE FINAL CONVENIENCE
IN HAND CAMERAS

Filmplate Premo

It's as light and compact as a purely film camera, yet loads with plates or films, with equal facility.

It has that great advantage of every plate camera—a ground glass for accurate focusing and correct composition, and this is easily available whether films or plates are used.

Its exposures, whether on films or plates, can be developed by tray or tank system.

It is equipped with both rising and sliding front, swing bed and focusing attachment.

Its regular optical equipment is the best procurable outside of the anastigmats, and any of these may be fitted if desired.

It is a beautifully finished, carefully made camera, suitable for any purpose.

PRICES:

Filmplate Premo with Planatograph lens and double valve automatic shutter.

3¼ x 4¼	\$24.00	4 x 5	\$26.50
